

**19 January 2026**

Dear Shareholder,

**Schroder International Selection Fund (the "Company") – Emerging Markets (the "Fund")**

We are writing to inform you that the investment objective and investment policy of the Fund have been updated in order to reflect the change of the Fund's target benchmark from:

MSCI Emerging Markets (Net TR) index

To:

MSCI Emerging Markets 10/40 (Net TR) index

The new target benchmark reflects UCITS concentration limits, so it provides a better target benchmark against which to assess the Fund's performance.

The Fund's pre-contractual disclosure has been updated accordingly.

Full details of the changes made to the Fund's details in the prospectus can be viewed in Appendix I to this letter. The changes will also be reflected in the Fund's pre-contractual disclosures included in Appendix IV of the prospectus.

The extent of the change to the risk/reward profile of the Fund as a result of this change is non-significant.

There are no other changes to the Fund's investment style, investment philosophy, investment strategy, and the operation and/or manner in which the Fund is being managed following these changes.

All other key features of the Fund, including the relevant risk indicator and fees, will remain the same.

The ISIN Codes of the Fund's share classes affected by the above change are listed in Appendix II to this letter.

You can find the Fund's updated key information document (the KID) for the relevant share class and the Company's Prospectus at [www.schroders.com](http://www.schroders.com).

## Appendix I

New wording is in bold.

<b>Investment objective section</b> <p>The Fund aims to provide capital growth in excess of the MSCI Emerging Markets <b>10/40</b> (Net TR) index after fees have been deducted over a three to five year period by investing in equity and equity related securities of emerging markets companies.</p>
<b>Investment policy section</b> <p>The Fund is actively managed and invests at least two-thirds of its assets in equity and equity related securities of companies in emerging markets.</p> <p>The Fund may invest directly in <del>China B-Shares and</del> China H-Shares and may invest less than 20% of its assets (on a net basis) directly or indirectly (for example via participatory notes) in China A-Shares through Shanghai-Hong Kong Stock Connect and Shenzhen-Hong Kong Stock Connect and shares listed on the STAR Board and the ChiNext.</p> <p>The Fund may also invest up to one-third of its assets directly or indirectly in other securities (including other asset classes), countries, regions, industries or currencies, Investment Funds, warrants and Money Market Investments, and hold cash (subject to the restrictions provided in Appendix I).</p> <p>The Fund may use derivatives with the aim of achieving investment gains, reducing risk or managing the Fund more efficiently.</p> <p>The Fund maintains a higher overall sustainability score than the MSCI Emerging Markets <b>10/40</b> (Net TR) index, based on the Investment Manager's rating criteria. <del>More details on the investment process used to achieve this can be found in the Fund Characteristics section.</del></p> <p>The Fund does not directly invest in certain activities, industries or groups of issuers above the limits listed under "Sustainability-Related Disclosure" on the Fund's webpage <a href="https://www.schroders.com/en-lu/lu/individual/fund-centre">https://www.schroders.com/en-lu/lu/individual/fund-centre</a></p>
<b>Benchmark section</b> <p>The Fund's performance should be assessed against its target benchmark being to exceed the MSCI Emerging Markets <b>10/40</b> (Net TR) index. The Fund's investment universe is expected to overlap materially, directly or indirectly, with the components of the target benchmark. The Investment Manager invests on a discretionary basis and there are no restrictions on the extent to which the Fund's portfolio and performance may deviate from the target benchmark. The Investment Manager will invest in companies or sectors not included in the target benchmark in order to take advantage of specific investment opportunities.</p> <p>The target benchmark has been selected because it is representative of the type of investments in which the Fund is likely to invest and it is, therefore, an appropriate target in relation to the return that the Fund aims to provide.</p> <p>The benchmark(s) does/do not take into account the environmental and social characteristics or sustainable objective (as relevant) of the Fund.</p>

Dear Shareholder,

**Schroder International Selection Fund (the "Company") – Healthcare Innovation (the "Fund")**

We are writing to inform you that we have added the MSCI AC World Health Care Daily (Net TR) Index as an additional comparator benchmark of the Fund.

**Background and rationale**

The Fund's existing comparator benchmark, the MSCI AC World (Net TR) Index, provides a basis of comparison against global equities. However, given the Fund's healthcare focus we believe that using the MSCI AC World Health Care Daily (Net TR) Index as an additional comparator benchmark will allow investors to make sector-specific comparisons of the Fund's performance.

Full details of the changes made can be viewed in Appendix I to this letter. The changes will also be reflected in the Fund's pre-contractual disclosures included in Appendix IV of the prospectus.

The extent of the change to the risk/reward profile of the Fund as a result of this change is non-significant.

All other key features of the Fund, including the relevant risk indicator and fees, will remain the same.

## Appendix I

New wording is in bold. Removed wording is shown as strikethrough text.

Benchmark section
<p>The Fund does not have a target benchmark. The Fund's performance should be compared against its comparator benchmarks, being the MSCI AC World (Net TR) index <b>and the MSCI AC World Health Care Daily (Net TR) Index</b>. The comparator benchmarks <del>is-are</del> only included for performance comparison purposes and does not determine how the Investment Manager invests the Fund's assets. The Fund's investment universe is expected to overlap <b>to a limited extent with the components of the MSCI AC World (Net TR) index and</b> materially with the components of the <b>MSCI AC World Health Care Daily (Net TR) Index</b><del>comparator benchmark</del>. The Investment Manager invests on a discretionary basis and there are no restrictions on the extent to which the Fund's portfolio and performance may deviate from the comparator benchmarks. The Investment Manager will invest in companies or sectors not included in the comparator benchmarks. The benchmark(s) does/do not take into account the environmental and social characteristics or sustainable objective (as relevant) of the Fund.</p> <p>The comparator benchmarks <del>has</del> <b>have</b> been selected because the Investment Manager believes that the benchmark is a suitable comparison for performance purposes given the Fund's investment objective and policy.</p>

Dear Shareholder,

**Schroder International Selection Fund (the "Company") – Indian Opportunities (the "Fund")**

We are writing to inform you that the Fund's investment policy has been updated to remove the reference to the typical holding range.
